

**Hollywood studios and their high-priced attorneys are pushing legislation in Congress that will hurt internet and technology companies.**

**SOPA will give the studios more power to harass and sue lawful Internet and technology companies. These local companies and the entrepreneurial spirit which created them will be stifled with the costs and burden of constant lawsuits.**

**THAT'S  
WRONG!**

***SOPA is a giveaway to the greedy trial lawyers and is a killer of innovation and entrepreneurship.***

**CALL CONGRESSMAN LAMAR SMITH AT 512-306-0439**

**TELL HIM SOPA WILL HURT TEXAS JOBS.**
